Report of the Statutory Auditor on the Limited Statutory Examination to the General Meeting of Shareholders of

Boxing Marketing Arm SA, Lausanne

As statutory auditors, we have examined the financial statements (balance sheet, income statement and notes) of Boxing Marketing Arm SA for the year ended 30 June 2016.

These financial statements are the responsibility of the board of directors. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of company personnel and analytical procedures as well as detailed tests of company documents as considered necessary in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not comply with Swiss law and the company's articles of incorporation.

We draw attention to the fact that Boxing Marketing Arm SA is over-indebted as per art. 725 para. 2 CO. Due to the fact that creditors of the company subordinated their claims amounting to CHF 25'797'311 as at 30 June 2016, the board of directors has refrained from notifying the court.

Finally, we draw attention to the fact that the annual General Meeting of shareholders did not take place within six months after the balance sheet date as required by article 699 para. 2 CO. The financial statements for the year ended 31 December 2014 and for the period ended 30 June 2015 have not yet been approved by the General Meeting of shareholders, and we issue this report on the grounds that the financial statements mentioned will be approved.

BMA BOXING MARKETING ARM S.A.

A. General information (CO 959c (1))

1. Details of the principles applied in the annual accounts where these are not specified by law (CO 959c (1) (1))

The annual accounts have been prepared based on the principles set out in the Swiss code of obligations (CO). The financial statements for the year ended 30 June 2016 have been prepared in accordance with the new provisions of the Swiss Law regarding accounting and financial reporting.

The company changed its financial year end to June in 2015 (short period of 6 months) to align the company's year-end with other group entities. Therefore comparatives are not comparable

The accounting records of the BMA are maintained in Swiss Francs (CHF).

Assets and liabilities denominated in currencies other than Swiss Francs are recorded in the balance sheet based on exchange rates ruling at the year-end. Transactions denominated in currencies other than Swiss Francs are recorded at monthly average rates; all exchange losses and realized exchange gains are recognized as financial income or expense.

At June 30 2016, the period end exchange rate USD / CHF is 0.98976.

At June 30 2016, the period end exchange rate EUR / CHF is 1.09949.

At June 30 2016, the period end exchange rate GBP / CHF is 1.32714.

2. Going Concern

The over-indebtedness position of the Company is mainly a result of the start-up nature of the business and has been addressed by the Board as at 30 June 2016 (see note 3.5). BMA is still in a development phase which means the company is currently investing more than the revenues it is generating.

As of today, BMA's activity is significantly reduced and this is expected to remain until the on-going discussion with potential investors are finalised (see note 6). BMA will not enter any new contracts and new commitments until the negotiation potential investors are finalised.

As a result of this and the subordination of debt (as described in note 3.5), the Board of Directors came to the conclusion that BMA will continue as a going concern over the next twelve months.

3. Information, breakdowns and explanations relating to items on the balance sheet and in the profit and loss account (CO 959c (1) (2))

3.2 Financial engagements / lease commitments

The office lease contract term for APB/BMA project is 31 March 2013, renewed each year at the same date. It was signed by AIBA as other entities were not registered at the time. Notice to the contract has been given for June 2015. A new contract has been signed in Pully from July 2015 and canceled for April 2016. There is no lease commitment since then.

3.3 FCIT Loan

This corresponds to an advance made by FCIT in prevision of an investment to be completed in BMA. FCIT and BMA entered into a restated and amended subordination agreement with effect of December 31, 2014 whereby FCIT agreed to subordinate payment of its entire claim.

3.4 Shareholders equity

For the business year under review, the shareholders equity is negative and amount to negative CHF 25,551,203. BMA is still in a development phase which means that the company was currently investing more than the revenues generated (see also note 2).

6. Significant events occurring after the balance sheet date (CO 959c (2) (13))

In November 28, 2014 AIBA signed a Share Transfer Agreement whereby it shall sell to First Commitment International Trade Co. Limited (**FCIT**) 35% of the shares in BMA for a consideration of CHF 35 million to be contributed to BMA for its development. Simultaneously, BMA signed a BMA China Agency Agreement relating to a license granted for the Great China Area to BMA China Holding Limited, a subsidiary of FCIT.

The deal contemplated in those agreement were not finalized nor completed. In particular, the sale and purchase of the 35% of shares in BMA were not completed nor the CHF 35 million invested in BMA.

Notwithstanding the foregoing, FCIT made several payments in anticipation of the completion of the deal, amounting in total to CHF 18.9 million.

AIBA, FCIT and BMA discussed about how to finalize and complete the above-mentioned investment. In the meantime, they agreed to consider the CHF 18.9 million investment as a loan granted by FCIT to BMA and to subordinate such loan pursuant to a subordination agreements dated December 31, 2014 and restated and amended as of June 30, 2015 and June 30, 2016. Within the framework of these discussions, AIBA and BMA agreed to grant to BMA China a temporary license to BMA China for the business period under review.

The parties are now in 2017 discussing about a way to address the past issues with an appropriate financial restructuring and the terms and conditions of a new investment by FCIT into BMA in order to ensure the business continuity of BMA.
