

AIBA Commissions' Report

Technical and Rules Commission report

Mission

- The Technical and Rules Commission will ensure they are safeguarding the integrity and safety of our sport of boxing.

Goals and Objectives

1. Review of the Technical Rules and Regulations manual to improve and clarify the formulation of the rules and regulations.
2. Limit the number of updates and changes made to the AIBA Technical and Rules Regulations.
3. Implement a timely and effective competition protest rule, based on current and on going evaluation of review technologies.(Bout Analysis Review)
4. Identify and recommend the Olympic Qualification Pathway to AIBA Executive Committee.

How do these Goals and Objectives match with New Foundation Plan

- These Goals and Objectives align and support the new AIBA Foundation Plan.

Recommendations for implementation of Foundation Plan Pillars

- Governance: Aligning the AIBA Technical and Competition Rules with the Olympic Charter.
- Events: Ensuring all AIBA events follow the Technical and Competition Rules to the highest standard.
- Rules: Ensure the AIBA Technical and Competition Rules are safeguarding the integrity and safety of our sport.
- Development: Increase the number of certification courses to grow the number of TDs and ITOs and improve their performance level. Create a strategy to increase the number of women attending the certification courses.
- Communication: Publish the AIBA Technical and Competition Regulations updates on the AIBA website. Invest in educating all coaches and NFs to ensure they understand the AIBA Technical and Rules.

Progress Report on New Rules

These rules are:

- Change of Field of Play using four sides of ring for judging
- Timekeepers in Elite AOB Competitions
- Removal of Double Commands by Referees
- Removal of Scoring Criteria #4
- WSB Evaluation Process
- R&J Assignments Process
- Badges for AIIBA R&Js – Using old Star Badges

Progress Report on Road to Tokyo Plan

- Discussion to study and analyze pool of R&Js and develop best of them to be further trained for next Olympic Games in Tokyo giving opportunities to young R&Js.
- The Commission needed a pool of 100 R&Js to study and follow and reduce the number to 50 one year before Tokyo.

Progress Report on Development of Woman R&Js

- Commission discussed concerns about the lack in number of Woman R&Js in various Competitions despite there has been a progress made in terms of increase of number of Women R&Js. Commission agreed that they needed to work to increase the number and shall work with AIBA Women Commission for further development.

R&J Management in 2016 Rio Games

- As the result of our discussions, the following recommendations were made:
- AIBA should part with all 36 R&Js who participated in the Rio 2016 Olympic Games and remove them from its R&J database
- This exclusion should apply for all AIBA and its Confederation competitions
- The decision was effective immediately after the AIBA EC's approval

New Sanctions during the Competition

- The Commission believes that a new sanction policy should be adopted to support a better performance of R&Js during competitions:
- On a daily basis, all sanctions should be publicized on AIBA website with results of bouts
- For the 1st offence – Suspension for 24hours and removal of the opportunity to be a referee in the Finals
- For 2nd offence – Suspension for 48 hours and removal of the opportunity to be a referee for entire competition
- For 3rd offence – Removal of the R&J from the competition
- Any R&J who is removed twice from competitions will see his Star status downgraded of one level

R&J Management Proposal in YOG

- The Commission made the decision to propose the following R&J Management System to be implemented for upcoming Youth Olympic Games Buenos Aires 2018:
- Assign all R&Js from non-participating countries and manage all R&J draws by computer with pure random selections for each bout which will be possible due to the expected low number of participating countries
- Invite IOC recognized specialist in the field of R&J management in order to allow him/her to evaluate the entire AIBA R&J management system for further improvement.

Membership Status

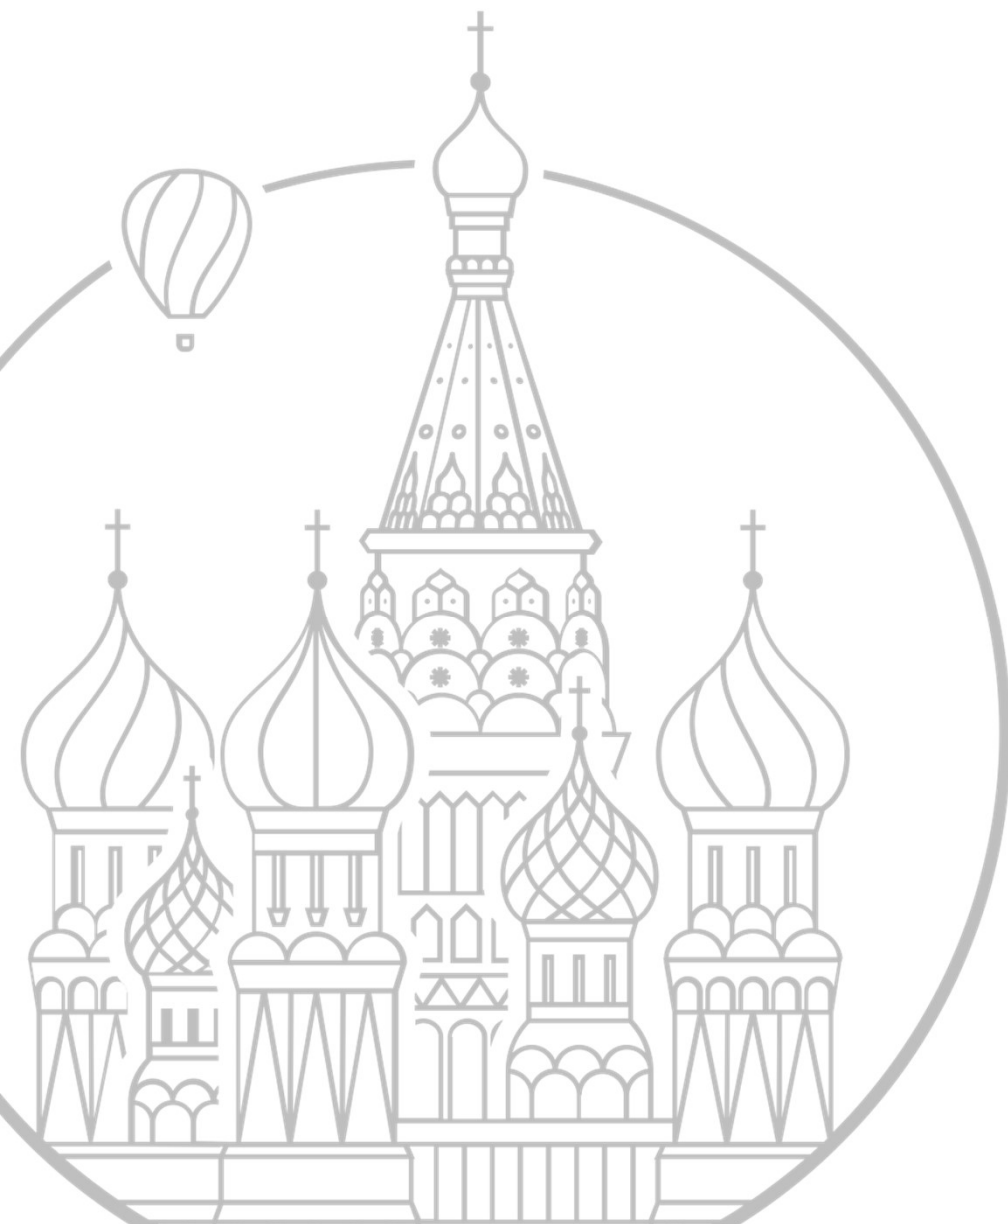

- Commission proposed to increase number of members to 15.
- Commission would like to invite Women to join and work for the Commission.

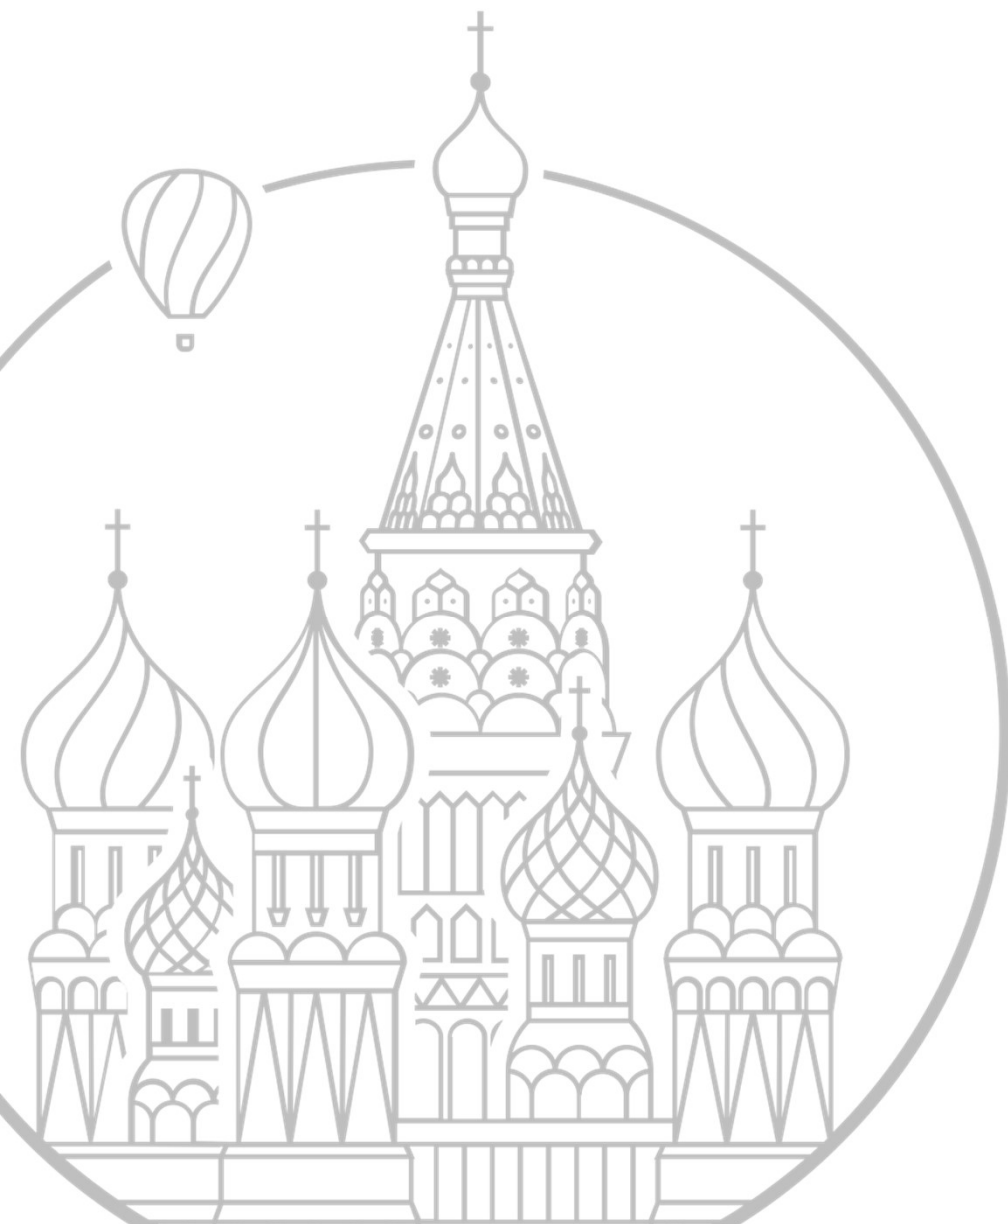

Gender Equality in R&Js

- For the development of more Women R&Js, the Commission proposes to set a rule to assign a minimum of 20% of the total number of R&Js in AIBA major events.
- Further, the Commission decided to propose that AIBA set an incentive system to encourage National Federations to develop more Women R&Js in the near future.

Athletes & Youth Commission Mission

- Represent the views and opinions of the athletes and ensure their voice is heard within AIBA
- Inform athletes about AIBA activities (i.e. educational tools, rules and regulations, qualification guidelines...)
- Work with and support AIBA in its mission to develop and promote the sport; and
- Support a boxing athlete to be a member of the IOC Athletes' Commission.

Key Commission Recommendations – 2015 - 2017

□ AIBA Scholarship program:

Program should be arranged into 3 groups of participants:

- Youth: 2 weeks training camp during school vacation
 - All levels: 1-3 months training camp and competition at AIBA Academy
 - AIBA Scholarship holders: 6 months to 1 year for preparation to OG
- Number of participants to be defined by A&Y Commission

Key Commission Recommendations – 2015 - 2017

□ Post-career Education Program:

- For Coaches, Referee & Judge, ITO, Supervisor on Sports / Competition / Event Management
- Online distance education programs
- Support on acquiring basic education
- AIBA should cooperate with Former Organization and Universities that could run courses developed by AIBA to cater the needs of boxers

Key Commission Recommendations – 2015 - 2017

□ AIBA Boxers participation in Olympic movement:

- **Ask NF's to propose two candidates - 1 man & 1 woman (ideally)**
 - Criteria: Education, leadership qualities, Olympic Champion/medalists, World Champion/medalists, good-positive images – friendly appearance / English Speaking
 - Pre selection participation (up to interview level) to be supported by NF / NOC
 - In exceptional cases, AIBA should support it
- **A&Y Commission (5 members) will select and propose max. 5 candidates for the final interview**
 - Panel for selection (AIBA's President bureau or AIBA EC + A&Y Commission Chairman)
 - Conflict of interest for the panel member shall be declared, if any
 - Personal interview
 - Training for participation in IOC: communication skills – admin.

Key Commission Recommendations – 2015 - 2017

❑ Boxers' Representation in AIBA Executive Committee

- 1 man & 1 woman
- Application form on AIBA web site
- A&Y Commission will select 5 men & 5 women candidates from all applications recieved
- Boxers to elect their 2 EC representatives (1 M & 1 W) from these 10 boxers during respective world championships

Key Commission Recommendations – 2015 - 2017

❑ A&Y Commission recommends the following pathway for Youth development:

Category	Level	Age Category
Elite	World level	18 to 40
Youth	World level	16 and 17
Junior	Continental level	14 and 15
Schoolboys	Continental level	12 and 13
Grassroots	National level	10 and 11

- We expect our boxers to grow gradually, step by step , taking in consideration their health, safety, physical and mental development.
- Schoolboys tournaments to be organised at continental level to broad base our sport amongst youth.

Key Commission Recommendations – 2015 - 2017

- ☐ **Allow Women's Elite to box without headguards, after clearance from Women's and Medical Commission**
- ☐ **Allow Youth boxers of 18 years old to box in Elite, taking in consideration their exact date of birth and not only their year of birth.**

Key Commission Recommendations – 2015 - 2017

- ☐ **Use the professional type of hand wraps to protect boxers from hand injuries and also recommends to change boxing gloves** so that the hand grip can be fully closed inside the glove
- ☐ **Implement to use an electronic record book for international bouts.** This will allow a better tracking and control of the boxing history of each athlete.

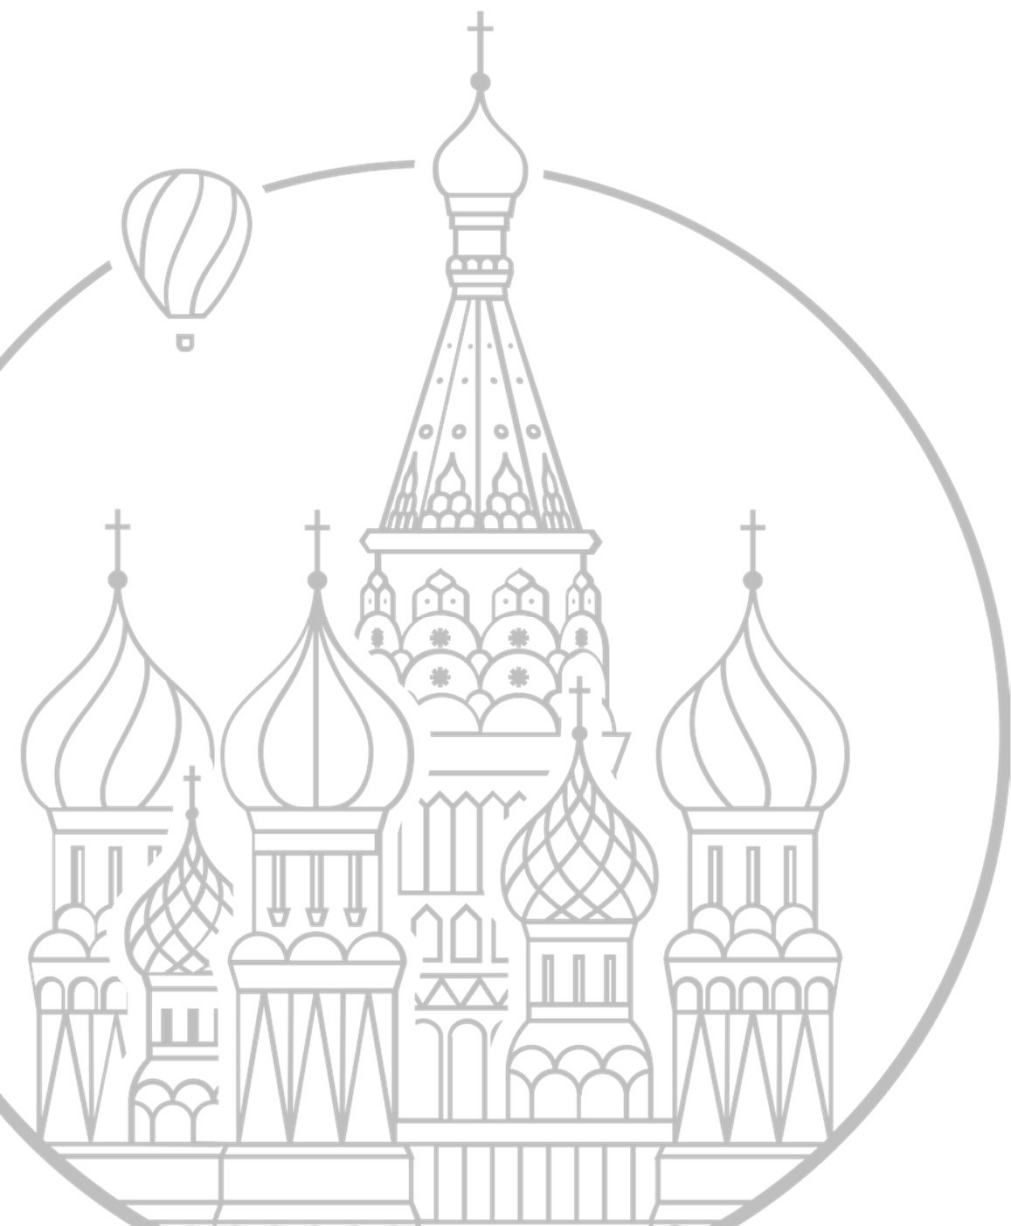

Key Commission Recommendations – 2015 - 2017

☐ Strengthen Athletes' Voice – Development of an On-line Community

- Creating a hub for connecting athletes and voicing their opinion and recommendations
- Communicate to athletes through social media, websites
- Creation of special platform (facebook group)
- Develop promotional materials including athlete statements written or video to promote the role and work of commission members

Conclusions

Conclusions and Suggestions

- **Regarding the Membership;**

- The Commission should have a gender balanced membership from all AIBA continents and also from different disciplines of the sport;
- The Commission should have a minimum of five members, the majority of which have been elected by their peers;
- The Members should also include both active and recently active athletes;
- A member of this Commission should have a seat on the Executive Committee and is actively involved in the decision-making process within the organisation;

- **Regarding Meetings;**

- The Commission should meet physically at least once a year, with continued communication between meetings – in the case of an event organised by the Athletes' Commission, the Commission should meet regularly in the lead up to, and during the event;

Conclusions and Suggestions

- **Funding for Commission;**

- It is our wish to have increased funds to do several programs to implement some of recommendations by the Commission itself
- **In addition, it is my belief that AIBA should be able to afford to fund the travel costs for all appointed members for maximizing the professional management of all Commissions**

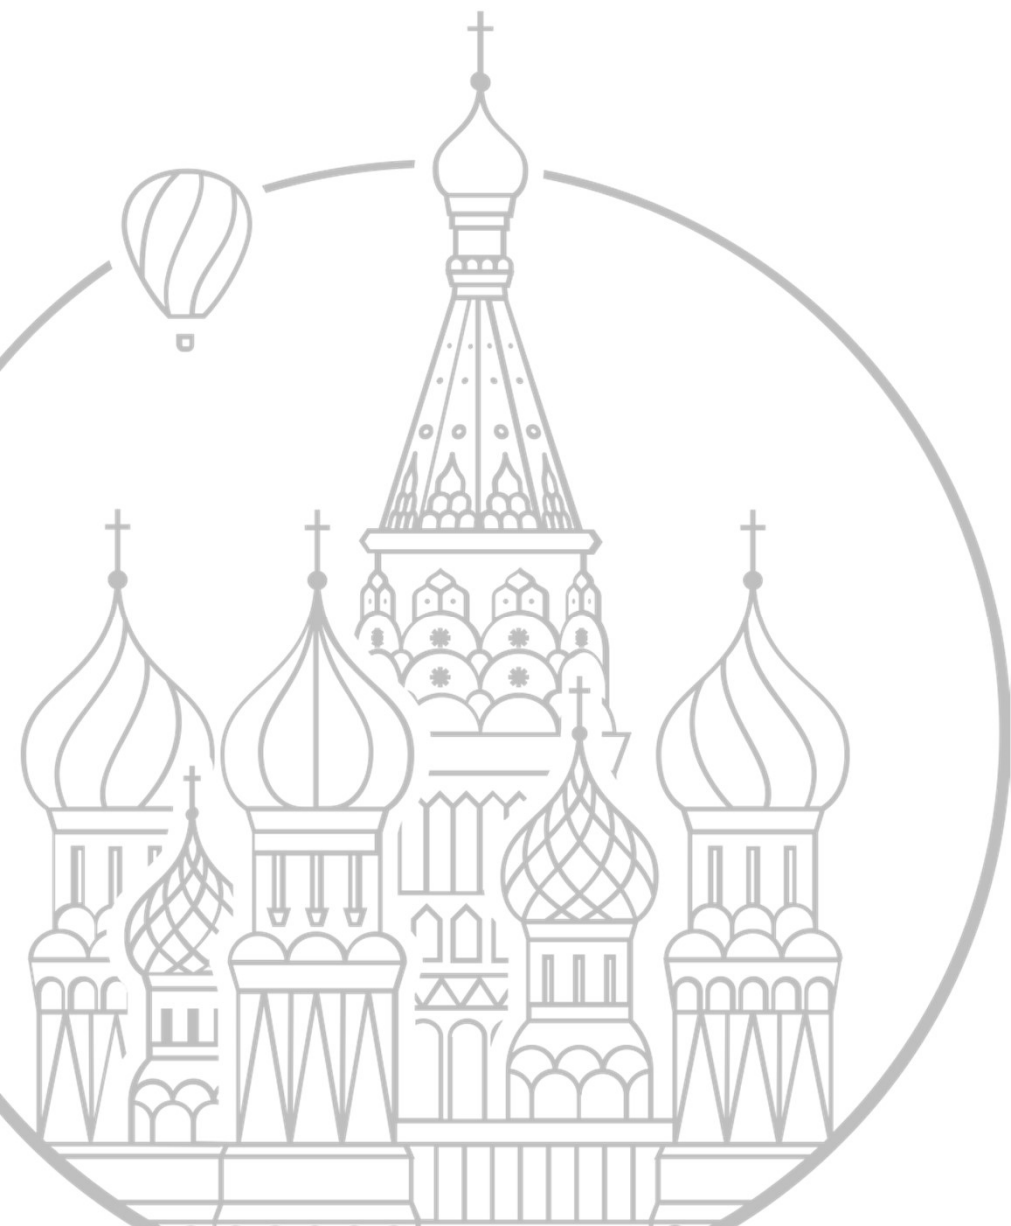

- **Value of Commission;**

- Effective Athletes' Commissions often vary slightly from other Commissions as they are structured within the decision-making process of the organisation and are not simply seen as a source of information and recommendations.
- In the case of many sports organisations, this will probably require a change to the constitution of the federation, which can be a major challenge. Without such a change, however, Athletes' Commissions are unlikely to become part of the decision-making fabric of the organisation.

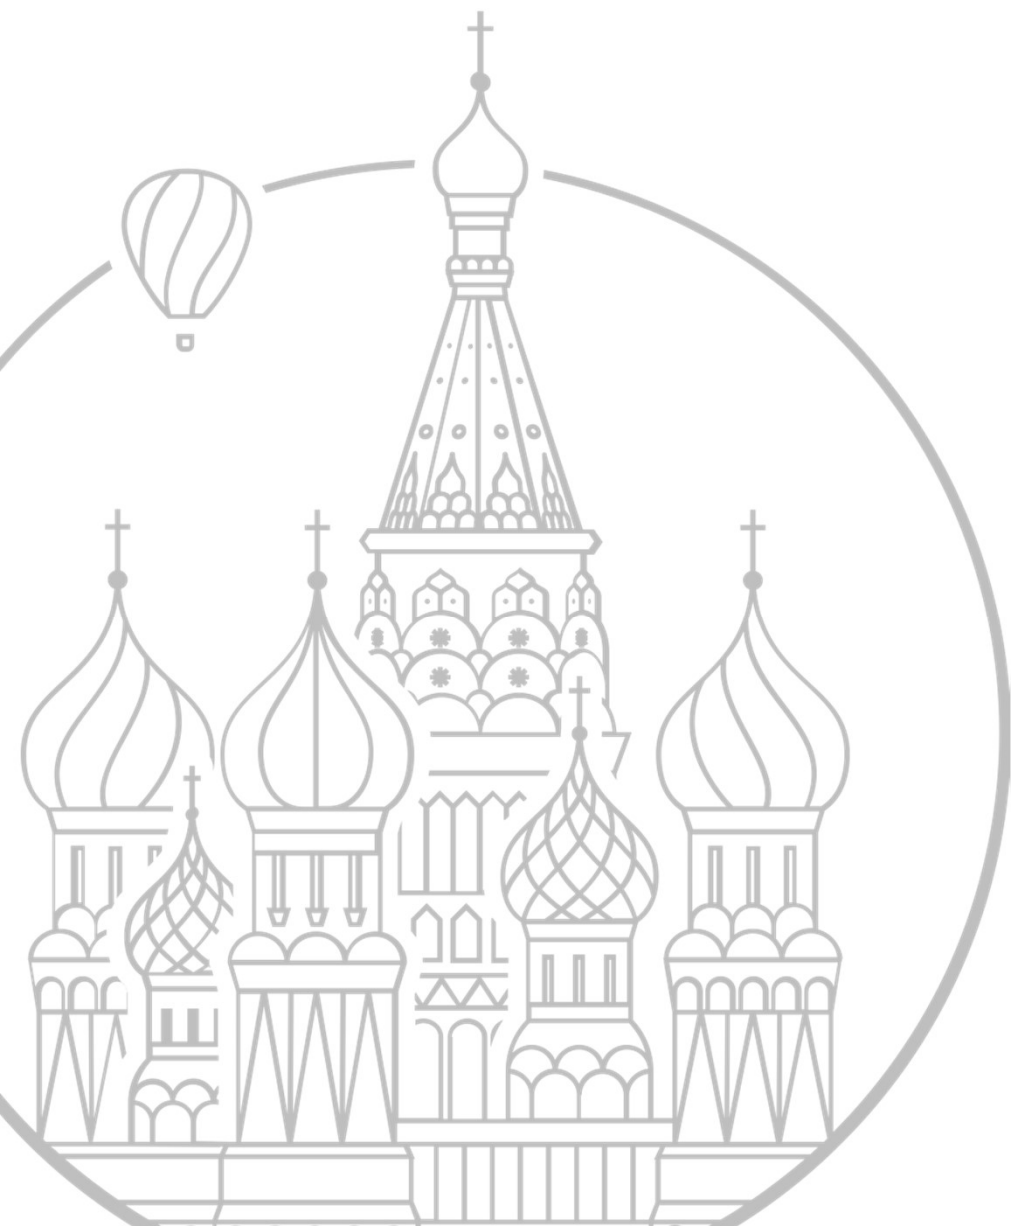

Thank you for your attention!

NEW LEAGUE FORMAT PROPOSAL

- Groups are split based on geographical locations of teams
North/South or East/West to reduce travel costs

NEW LEAGUE FORMAT PROPOSAL

- Pro: 1) Countries can chose to have a team in the lightweight or heavyweight conference, or in both.**
- 2) More countries will be able to field a team, ergo the competition will be of a better quality.**
- 3) Higher commercial interest in certain geographic areas.**
- 4) Allows for separate finals and potential of 4 different finalists.**

2020 QUALIFICATION PATH

- Quotas for the 2020 Olympics will be based on individual boxer rankings from Season IX and X.
- At the end of the WSB regular season X, AIBA and WSB will announce to the NOC's the final quota allocation.
- Starting in 2019, WSB will offer 32 quotas for the 2020 Tokyo Olympic Games.

TOKYO 2020	
Total quotas	286
WSB quotas male	32
WSB %	11,18 %

- Below is the quota allocation timeline for Tokyo 2020 Olympic Games

SEASON VIII	SEASON IX	SEASON X	SEASON XI
	Qualification for 2020 O.G.		

- If an allocated quota place is not confirmed or is declined by the NOC within the deadline set up by AIBA, the unused quota place will be reallocated to the next best ranked boxer in the same weight category on the WSB individual ranking.

WSB Commission Recommendation

The WSB recommends, as in other combat sports, that for all AIBA classifying events the qualifying quota should be attributed to the country and not to the athlete.

This way the country can select the athlete that is in the best possible shape, to compete at the event.

Fundamental reasoning:

Ensure that there are no lost quota places due to the fact that the qualified athlete is injured, ill or not in the best physical condition.

Franchise/NF responsibility

WSB Proposal

Each WSB Franchise contract needs to be signed by 3 parties:

- Director of the Franchise
- President of the National Federation
- AIBA Executive Director

Rationale

This will ensure that the national federation will show more support for the franchise, as they will be held accountable in case of financial default.

SEASON IX-X CALENDAR

- The calendar is in harmony with the AIBA calendar and has no clashes with AOB events
- Season X in 2020 is an Olympic year and will have a more condensed playoff stage with the set date for the semi-finals and finals due to the dates of the 2020 Olympic Games (24th of July until 9th of August)
