REVIEW OF AFBC CURRENT STATUTES

THANK YOU

AMBC President's Welcome Speech

Dear Members of AIBA Boxing Family,

As AMBC President, I would like to express my thankfulness towards AMBC National Federation Members.

Everybody knows we are facing the most difficult times in AIBA History, but we are also the ones who have the responsibility to implement the best and correct decisions looking for the best for AIBA and not following any personal interest.

I hope during these days, we are able to look for solutions for the ones who are the most important people in our Organization... the boxers and also the Olympic Movement.

19

AMBC President's Welcome Speech

It is time to take decisions and it is impossible to make everyone happy. However, we need to think about the development of our sport, boxers and AIBA by itself.

Since AMBC Office, and during this period, we have tried to improve and collaborate with all our NFs in a very quick and professional way, working all days trying to help the Federations in all their doubts and concerns.

20

AMBC President's Welcome Speech

In this period, as AMBC President, we had to face several problems with some National Federation which were attacked by the Government Authorities and either their NOC. But, we gave the clear reply that America works more united than ever.

I would like to thank again the support given from the AMBC NFs to my person for the period which could start after the election and I renew my commitment and my experience in more four decades in AIBA.

21

AMBC President's Welcome Speech

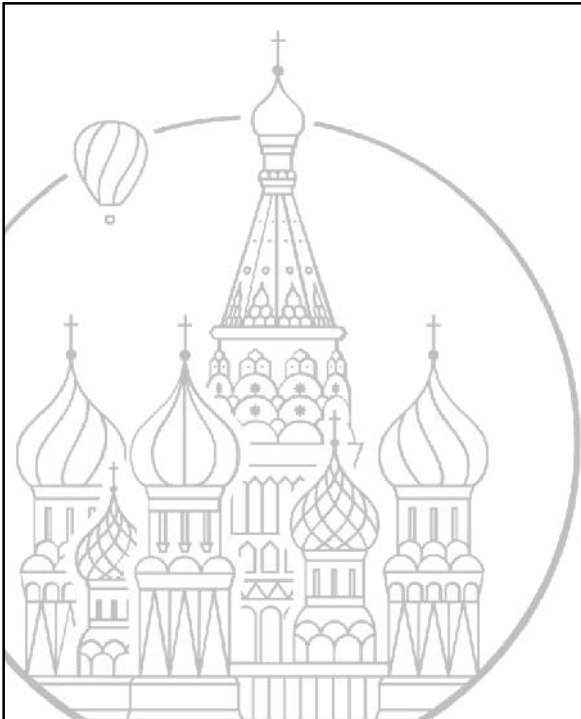

Before finishing, I would like to thank the support to AIBA Interim President Mr. Gafur Rahimov, to AIBA Executive Director Mr. Tom Virgets and all AIBA Staff in its different Departments.

My wish is to have great success in this Congress and in the future and having all our Family united.

Thank you very much.

EUBC Development & Projects

European Boxing Academy & EUBC Courses

European Boxing Academy

- Our Continent needs to create an Academy in order to host and train our paramount pillars: Managers, Coaches, R&Js, ITOs.
- To be effective, training must be uniform and centralized. Only in this way we will be able to facilitate the homogeneous boxing culture , management, promotion and also uniform vision and evaluation of the bouts.
- Training must be considered as a strong investment for the future development of boxing and therefore must be borne by the Confederations.
- This is why the Confederations should be given more resources from the funds that AIBA receives from the IOC.
- We have this important opportunity to build the European Boxing Academy in Assisi, Italy, with full cooperation and support of local and national Institutions.
- European Boxing Academy will be opened to all other Continents.

Boxing Management Course

- The Boxing Management Course is intended to answer the pressing need to train new boxing managers, endowing them with the capacities to promote the different forms of modern boxing and confront modern day sports challenges.
- This course will be taught by specialized international instructors and aims to impart both a cultural and professional background that will help the Continental National Federations to realize their ambitions.
- Keeping in step with the AIBA's directive and innovations, it is important to have managers corresponding on the national and international levels to cultivate and construct a better grassroots future for our sport.
- Quality managers must be able to develop promotion, communication, organization, new image and presentation of boxing events, launch new Stars of the Ring in order to receive more attention by media, sponsors and boxing fans.

Coach, R&J, ITO Courses

- Recovery of the credibility and popularity of Olympic boxing is closely linked to the development of a more in-depth sports culture and a better preparation of the fundamental pillars of our organization. The coaches, referees and judges, ITOs and the ringside doctors are expression of the evolution of the boxing technique and the organization of competitions at all levels.
- Training of these figures, especially coaches, is a guarantee to enrich the Olympic boxing of new talents and new Stars of the ring.
- Training of R&Js in order to have a unanimous view of the bout in the ring, will give correct and homogeneous results.
- ITOs, in addition to receiving technical and organizational training for a better performance of the competition, must receive an ethical training in order to eliminate any attempt to manipulate the technical results.
- Training of ring medical specialists has fundamental importance to prevent and avoid irreversible injuries and damages that can strongly damage the image of our sport.

Technical Results – Integrity & B.A.R. System

EUBC wants to protect the results of our athletes in all level boxing competitions.

The latest Rio 2016 scandal forced the AIBA Executive Committee on the proposal of President WU to suspend all 36 R&Js present at the Olympic Games.

We all voted in favor, but it wasn't a fair and right choice. **Only the true responsible people for manipulating the results had to be eliminated.**

Not just the R&Js make mistakes. We must hit those who force them to make mistakes.

Therefore, we had asked Pat Fiacco, Chairman of the AIBA T & R Commission, to apply since the Youth Olympic Games in Buenos Aires, the B.A.R. system, which is an important tool in order to protect fair results and a strong deterrent for all those wishing to create unfair results. **The B.A.R. gives the opportunity to review the bouts and assign the right verdict.**

We had hoped that after Rio 2016 the reintroduction of the protest and the application of the B.A.R. would have been a priority. But it was not.

We therefore ask the new AIBA President and Executive Committee to include the B.A.R. System in the AIBA Technical Rules.

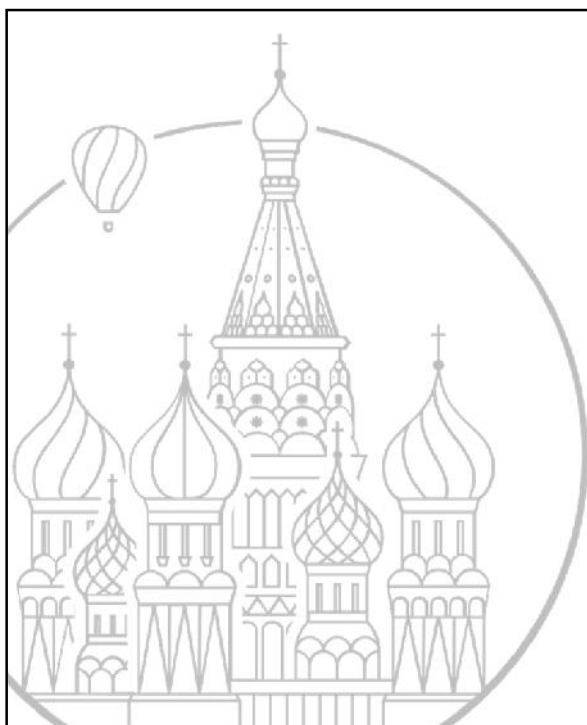

Educational Boxing Promotion

We want to continue promoting boxing in schools at all levels more effectively.

We have already had important feedback from Belarus and England. There are other countries, such as Russia and France, which for years have started the introduction to juvenile boxing.

As a Confederation, we would like to promote initiatives aimed at the training of **School Boxing Coaches** and at the same time offer school leaders an excellent tool for students' personality growth, health protection (i.e. prevention of juvenile obesity), self-control and self-esteem to fight an alarming phenomenon such as bullying.

EUBC
Diversity in Boxing
Projects

DIB Projects from NFs

EUBC has approved four (4) Diversity in Boxing requests:

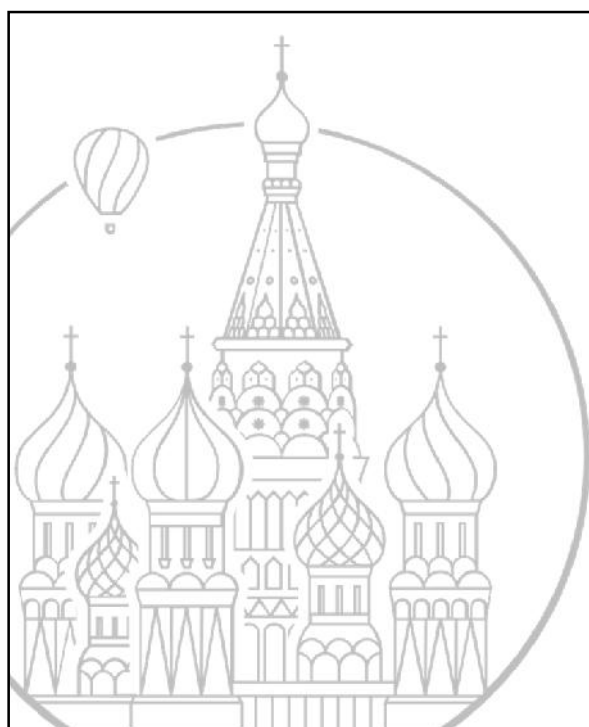

Estonia: *Equipment Assistance*

Ireland: *Boxer Personal Development Program*

Italy: *Academy for International Boxing*

Serbia: *New Impetus for Development and Promotion of Boxing in Serbia*

All projects have been carefully analyzed, evaluated and adopted before being approved.

**EUBC Digital &
Media**

Digital & Media

EUBC Press Office Mission:

Promotion and diffusion of EUBC boxing activity and everything that is inherent its internal activity.

The aim is create a dialogue with European National Federations, create a targeted avenue of communication with boxing enthusiasts and share vision of what have been done and of the next future of Boxing.

The following topics have been treated:

1. Competitions organized by the National Federations
2. European sport and organizational politics, including all news and ammendments
3. Training and qualification AIBA/EUBC Courses:
 - Coaches Courses
 - R&J Courses
 - Instructor Courses
 - ITO and TD/SV Courses
4. AIBA/EUBC Executive Committee and Commission Meetings
5. Publication of monthly newsletter on behalf of the EUBC President, Franco Falcinelli

Digital & Media

Social Media Increase

During last years EUBC has considerably increased the number of its followers. The current numbers are:

- Facebook: 22.548 followers
- Twitter: 3.451 followers
- Instagram: 3.331 followers
- YouTube: 10.679 followers

YouTube Livestreaming

Since 2015 all EUBC Championships are broadcast live on the Official EUBC YouTube Channel.

128

STRATEGY

1/ OCEANIA NATIONAL FEDERATION BOXERS ARE TO HAVE AIBA STAR CERTIFIED COACHES FROM THEIR OWN NATIONAL FEDERATION CORNER THEM IN AIBA COMPETITIONS

AND

2/ INTERNATIONAL TOURNAMENTS CONDUCTED IN OCEANIA ARE TO HAVE ITOs AND R&Js FROM OCEANIA UNDERTAKE THE OFFICIATING OF THEM

129

2014-18 Activities

- WE CONDUCTED TOURNAMENTS
- WE ORGANIZED COURSE OPPORTUNITIES FOR AIBA CERTIFICATION OF COACHES, R&Js, ITOs, CUTMEN and RINGSIDE DOCTORS
- WE CONDUCTED YOUTH BOXER DEVELOPMENT CAMPS
- WE HELD OCBC NF MEETINGS AT OCBC TOURNAMENTS AND OTHER EVENTS
