

Dear friends of boxing!

As a boxer, trainer, coach, board member and as President of the Swedish Boxing Federation I have worked in boxing on every level for over 50 years.  
As a Communications Manager I know the importance of deep and honest discussions.

If you vote for me I will do my utmost to:

- Make boxing fair and clean in every aspect and on each level
- Make our sport democratic on each level and equal between sexes
- Make our work transparent on each level
- Make sure that we have an open and positive dialogue with the IOC
- Make sure that our sport stays in the Olympic family and in the Olympic Games over time
- Make sure that we protect our boxers health over time
- Make sure we always have an open and positive dialogue with every continent and country
- Make sure that we take IBA in to the digital era
- Make our sport bigger and stronger
